What is a Sisterlocks® Trichology Analyst?

A Trichology Analyst is a Certified Sisterlocks Consultant
with additional certification in the field of "Lock Trichology."

Lock Trichology is a new discipline introduced by Cheryl Morrow of The Curl Academy, an organization that "Educates, Encourages, Inspires and Polishes the future Beauty Chemists, Beauty Professionals and Beauty Executives." This discipline draws from Trichology and Cosmetic Trichology. Sisterlocks has partnered with Cheryl Morrow to create a cadre of professionals equipped to identify and assess scalp conditions that may lead to hair loss, and recommend customized therapies for women (and men) with afro-textured hair.

Your Beauty Career MAKEOVER

Is it time to elevate from the beauty chair?

Lock Trichology establishes a solid foundation upon which the **Sisterlocks Trichology Analyst** bases her/his assessments and therapies. The Analyst explores the following areas:

- What distinguishes healthy scalp from unhealthy scalp?
- Why might hair loss occur?
- What type of hair loss is involved? (i.e. thinning; balding; localized; generic)
- How might hair loss be prevented or hair growth restored?
- What daily care practices can help insure against hair loss?

The **Sisterlocks Trichology Analyst**
is supported by our team of Trichology partners, hand-picked by Cheryl Morrow.
These individuals have the professional expertise to confirm the Trichology Analyst's
documentation and assessments. Through this partnership, the client receives
customized therapies designed to address their specific needs.
